

My name is Marilyn Hendricks, wife of David Hendricks, (deceased). David was a complainant on the OSC complaint file number DI-12-3233 and DI-13-4055. My comments on the GSA Supplemental Letter to the Office of Special counsel are the same and in complete agreement to the comments made by co complainant Harold J Daniels. I would only add that my husband David Hendricks has passed away since the initial filing of this complaint. I have been diagnosed and received treatment for cancer, my ³²28 year old granddaughter has passed away as a result of a rare form of cancer. We were both exposed to the contaminated clothing David wore home from the Bannister complex and were subjected to secondary contaminate exposure. David worked at the Bannister Facility for more than 30 years. I have seen GSA on the news and the reports of lavish parties in Las Vegas as well as Senate Investigations into other scandals. It would be prudent for GSA to spend taxpayers' dollars on providing a safe and healthy work environment for employees and the public so no one else would have to experience the losses of loved ones such as I have suffered. I and my family have suffered from Dave's death and would request to be made whole by the GSA.

Respectfully, *Marilyn Hendricks* 9-23-~~15~~
